What happens in my DegreeWorks if I repeat a course?

Tell Me

1. If you repeat a course, only the latest course counts towards your degree requirements.
2. The previously taken course will show to be excluded and it will not count for, nor should it pull into, the areas in your evaluation.

Note
DegreeWorks will be available for Graduate students beginning in Summer 2016.

Info
This is true unless the course is repeatable for credit. In this case, the course could appear multiple times on the audit.
