What are the NinerNET password rules?

Tell Me

When setting your password for NinerNET account, the password must conform to these rules:

<table>
<thead>
<tr>
<th>Minimum length:</th>
<th>8 characters</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maximum length:</td>
<td>30 characters</td>
</tr>
<tr>
<td>Not Available:</td>
<td>Your last name, first name, email address, or the words &quot;pass&quot; or &quot;word&quot; as part of your password</td>
</tr>
</tbody>
</table>
| Required characters: | One lower case alphabetic character  
One upper case alphabetic character  
One numeric character  
One special character from the set ! * + / _ |
| Password History: | Password cannot contain 8 characters in the same sequence as the previous 8 passwords |

Note: You cannot change your password more than two times in a 24-hour period  
Changing the case (upper/lower) in your password, doesn't constitute a password change
