

# How do I create a Canvas assignment that uses Kaltura's Interactive Video Quiz feature?

Tell Me

**i** These instructions assume that you have already created a Interactive Video Quiz in Kaltura (My Media) and will be automatically integrating the quiz grades into Canvas Gradebook.

NOTE: Be sure to set the attempts allowed in Canvas to equal the attempts allowed here. If these numbers don't match, the grade won't be transferred correctly into Canvas when the student completes the in-video quiz

Create a video quiz in your **My Media** area - See [How do I add an Interactive Video Quiz \(IVQ\) to a Video](#)

1. In your Canvas course click on the **Assignments** navigation tab

2. Click the **+ Assignment** button to add a new assignment

6. Select **Kaltura Video Quiz** as the external tool

7. Click **Select** to choose a video quiz from **My Media**.

**Video Quiz**

A video that is an Interactive Video Quiz (IVQ) has a cube icon before the name of the video.

8. Click **Select** again in the Configure External Tool window

9. The Configure External Tool dialog box shows the URL of the Kaltura Video Quiz tool for the Assignment

10. Be sure to set the attempts allowed in Canvas equal to the attempts allowed here; if you only want 1 attempt then enter that here. If these numbers don't match between the Canvas assignment and in-video quiz, the grades won't be transferred correctly into Canvas when the student completes the in-video quiz

11. Assign **Due**, **Available from**, and **Until** dates and times if applicable
