

# How do I view different sections of my course in the gradebook?

## Tell Me

1. If you have a combined course that contains multiple sections, you are able to view grades based on a single section
2. Go to the desired course and click on the **Gradebook** tab
3. Click the **View** drop-down in the top left
4. Go to **Filters > Sections**

5. You will now see a section dropdown on the top right. Click the **All Sections** dropdown to view that section's students
