

How do I "forget" a wireless network on my device?

Tell Me

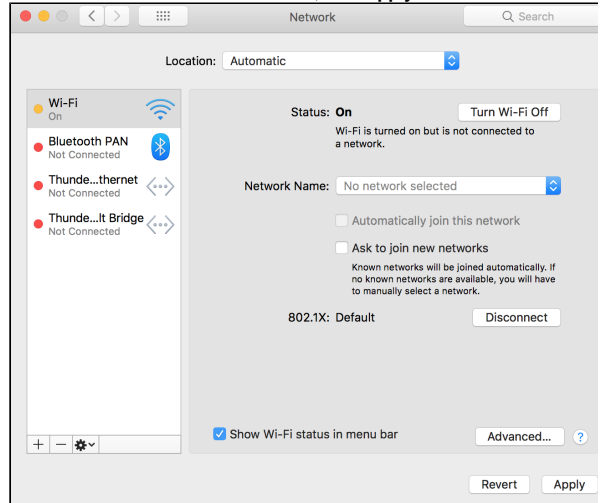

If you are having trouble connecting to wireless, try "forgetting" the network:

Windows 10	macOS
<p>1. Click on the wireless icon in the system tray</p>  <p>2. Click on Network & Internet settings</p> 	<p>1. Click on the wireless icon in the menu bar</p>  <p>2. Click Open Network Preferences...</p> 
<p>3. Click on Wi-Fi on the left hand side of the window</p> 	<p>3. In the Network Preferences window, make sure Wi-Fi is selected on the left and then click the Advanced... button</p>  <p>4. On the Wi-Fi tab, select the eduroam network and click the - button</p> 

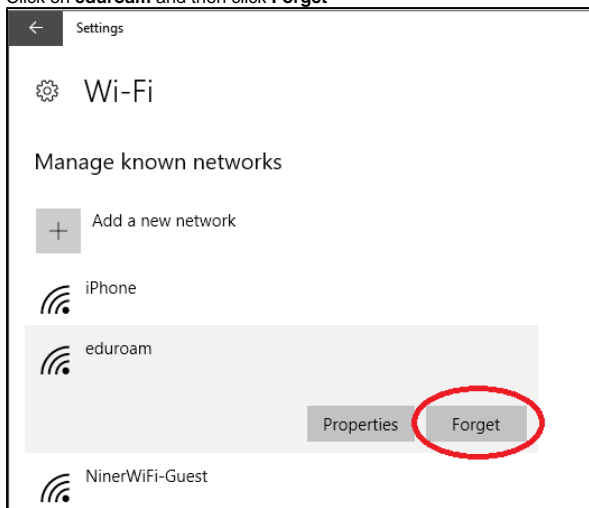

4. Click **Manage known networks** in the middle of the page

5. Click **OK** and then on the next window, click **Apply**

5. Click on **eduroam** and then click **Forget**
