

How do I access my H/S/J drives from off campus using a personal Windows computer?

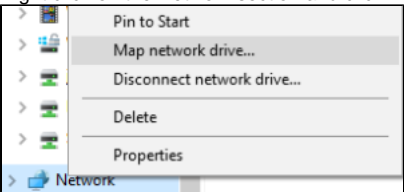

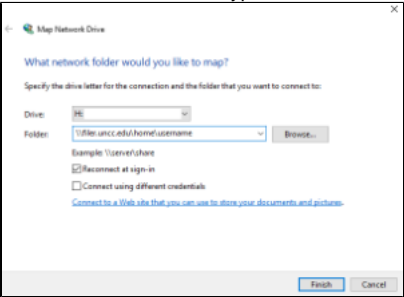

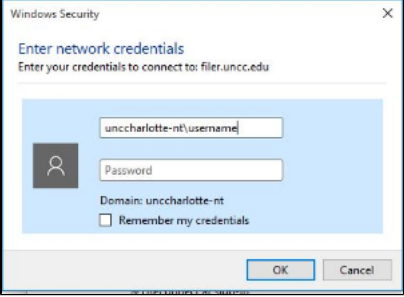

Tell Me

! Faculty and Staff: No level 1-3 data can be stored on personal computers; see the [Guideline for Data Handling](#). If you have questions about the data levels, please contact your [Data Security Officer](#), [Information Security Liaison](#), or the [Information Security Compliance Office](#). Mobile devices used to access university information resources are at increased risk of data exposure due to loss, theft or compromise. To mitigate this risk, additional safeguards must be used. See the [Guideline for Mobile Devices](#) for more details.

i Info

Beginning July 1, 2018, H drives are no longer provisioned for new student accounts. Students can request H drives for [here](#). Students do have access to [Google Drive](#) for cloud-based storage.

1. [Download and install the Cisco AnyConnect VPN](#)
2. [Connect to the VPN](#)
3. Follow the instructions below:

Windows 7	Windows 10
<ol style="list-style-type: none"> a. Go to Start and click Computer b. Click Map Network Drive c. From the Drive drop down menu, select the corresponding drive letter (H:, J:, S:) d. Enter the correct folder location: <ol style="list-style-type: none"> i. For H: drive: Type in <code>\\filer.uncc.edu\home\username</code> (replace < username > with your NinerNET username) ii. For J: and S: drive: Type in <code>\\filer.uncc.edu\dept</code> e. Click Finish f. When the Enter network credentials windows comes up, type in <code>unccharlotte-nt\username</code> (replace < username > with your NinerNET username) and your NinerNET password g. Click OK 	<ol style="list-style-type: none"> a. Open File Explorer b. Right click on the Network section and click Map Network Drive  <ol style="list-style-type: none"> c. From the Drive drop down menu, select the corresponding drive letter (H:, J:, S:) d. Enter the correct folder location: <ol style="list-style-type: none"> i. For H: drive: Type in <code>\\filer.uncc.edu\home\username</code> (replace < username > with your NinerNET username) ii.
