

# How do I download Panopto recordings?

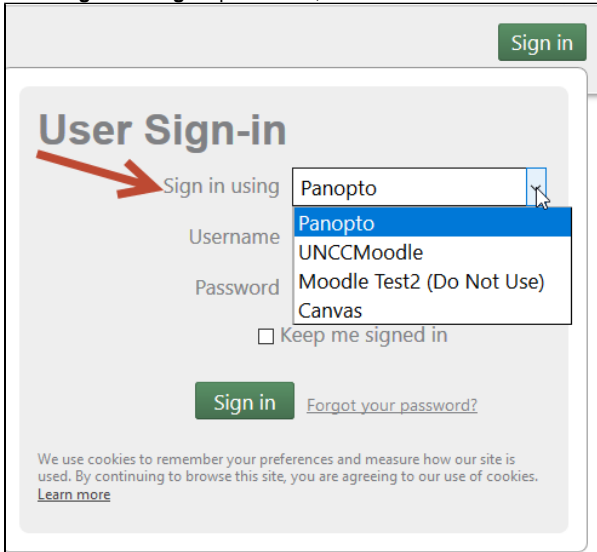

## Tell Me

Panopto is being retired on September 15, 2017. You need to download any recordings you want to keep by following the directions below

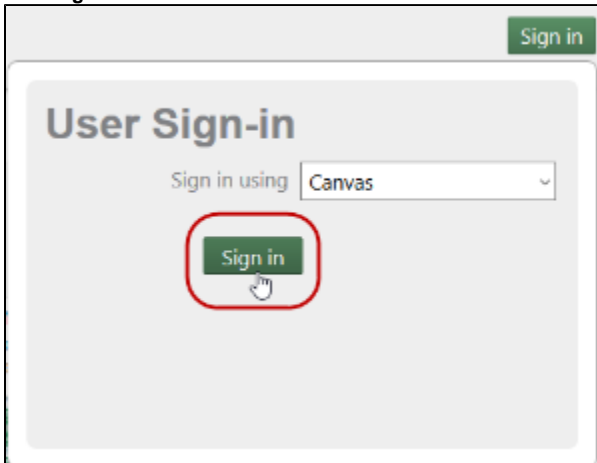

1. Access the [Panopto server](#)
2. Click **Sign In**

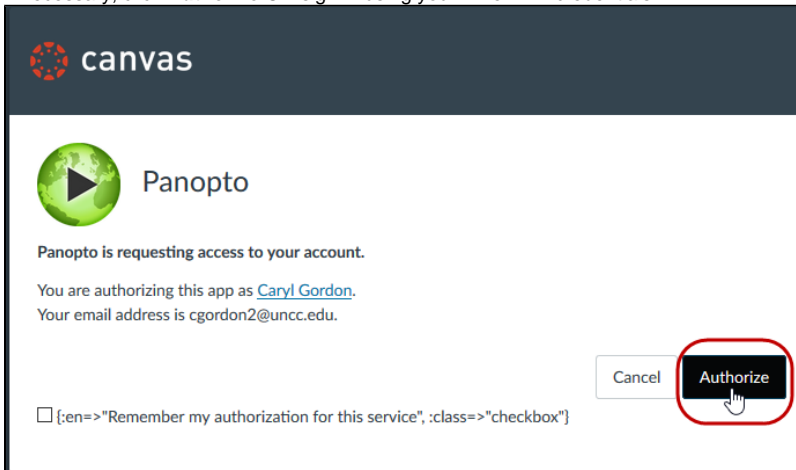

3. In the **Sign in using** drop-down list, select the LMS where the recording is stored. You will either choose **UNCCMoodle** or **Canvas**

4. Click **Sign in**

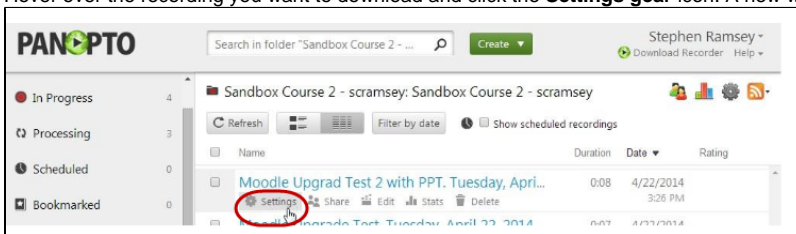

5. If necessary, click **Authorize** OR sign in using your NinerNET credentials

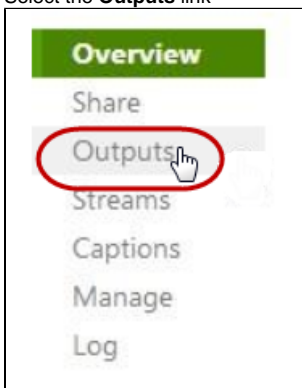

6. Select the folder where the recording is stored

7. Hover over the recording you want to download and click the **Settings gear** icon. A new window is displayed

8. Select the **Outputs** link

9. In the **Video Podcast** area, click the **Download Podcast** link. The video is downloaded to your computer
