

What software is included with Adobe Creative Cloud?

Tell Me

1. Adobe Cloud includes the same applications that are currently available in the Creative Suite including Photoshop, Illustrator, InDesign, and Adobe Acrobat.
2. Creative Cloud also allows you to install other applications such as After Effects, and Premiere Pro.
3. Applications can be found below and are available through the Creative Cloud app, Microsoft Software Center or Mac Self Service.
4. Please contact the IT Service Desk at 704-687-5500 (x75500) if you need assistance.

 Acrobat Pro DC	 After Effects	 Animate	 Audition	 Bridge	 Creative Cloud
 Dimension	 Dreamweaver	 Experience Design (Preview)	 Flash Builder	 Fuse (Preview)	 Illustrator
 InCopy	 InDesign	 Lightroom	 Media Encoder	 Muse	 PhoneGap Build
 Photoshop	 Prelude	 Prelude Live Logger	 Premiere Pro	 Premiere Rush	 Scout
 Spark	 SpeedGrade	 Story Plus	 XD	 ExtendScript Toolkit	 Extension Manager
 Gaming SDK					

Note

Adobe LiveCycle is not available in Adobe Creative Cloud. If you currently have Adobe LiveCycle installed, you will be able to continue using it as part of Adobe Acrobat X.

Adobe Stock is not available through the University. If you want to use this, it will need to be purchased with a personal account.

Adobe Typekit allows you to use a variety of fonts in Creative Cloud. See [this Adobe](#) page for more information.

5. For more information regarding each application please go [here](#). Please note that you do not need to download the trial version in order to access the software applications.
6. To install any of the Adobe Creative software applications on a University-owned machine, please see this [FAQ](#).
